Hepworth English

Today you will use your reading from this week so far to write a diary entry.

L.O. To write a diary entry in the role of Africa
1. Use what I have read this week
2. Make notes before writing
3. Think about the spelling, punctuation and grammar I can use
4. Make sure my writing makes sense – read it back
5. Edit and improve my work – am I proud of it?

Please begin today by looking back at the notes you made yesterday.

Think about the different characters and how you feel about them.

- What positive feelings are created about human beings?
- How are humans negatively portrayed?

Put yourself in Africa's shoes and write a diary entry

Think about

- The events that have happened.
- How he feels about the other characters
