Dear Phoenix Parents & Carers

Phoenix - October 18th – Wycombe Museum Visiting Class

As part of our topic on toys this term we will be learning about the history of toys and learning to describe old and new toys. The Wycombe Museum will be visiting Phoenix class to do a 'Let's Play' toy workshop.

Through exploring a range of real and replica toys, children will investigate how things were different in the past. A family timeline is used to help children learn to place objects in chronological order and everyone will get to make their own magical toy to take home.

We ask if parents can please pay £3.80 by October 12th per child via ParentPay.

Kind regards

Ms Windsor
