

# SUPER SPELLING TRICKS!

**Trick 1:** Speak like the Queen! Speaking in a very posh voice and saying every phoneme can help us to remember sneaky spellings:- 'yog-hurt'

**Trick 2:** Split it to spell it! Try splitting longer words into chunks that are easier to remember:-  
*opera - tion = operation.*

**Trick 3:** Draw it! Drawing something simple can change a tricky word into an easy to remember picture:-

**Trick 4:** Sing it! It may sound crazy, but singing a sneaky spelling to silly little tune can really help you to learn it!

**Trick 5:** Say it silly! Saying a word in a silly way and pronouncing silent letters on purpose is a great way to remember them!

K-nock k-nock!  
W-ho's there?

**Trick 6:** Attack the tricky bit! Often tricky spelling have one bit that causes all the problems- so go for it and attack the tricky bit. Work out how to spell this bit and the rest will come easily 😊

I find the 'ie' in 'field' tricky to remember so that the bit I say again and again- ie-field, ie-field, ie-field

**Trick 7:** Invent a mnemonic device! The word 'mnemonic' means 'memory'. A Mnemonic device is a little trick used to help your memory. A really good way to do this is to make a silly sentence using words that match the first letters in a tricky spelling.
